CXone Open Cloud Foundation

Innovate faster than ever

Cloud native. Customer native. Just like you.

Like most enterprises today, you need a contact center platform that can scale securely, deploy quickly, and help you give your global customers the great experience they deserve with every interaction. All built in the cloud.

NICE CXone Open Cloud Foundation is your answer. With NICE CXone, you get the industry-best published service level agreement of 99.99%, over 100 pre-built, pre-tested integrations through our CXexchange marketplace, and a network of ecosystem partners.

You even have an easy way to create your own custom integrations, using over 350 APIs, the same RESTful APIs that we use to build our own applications, and the support of an interactive developer community. Plus you can take advantage of the broadest level of certifications in the industry, including PCI Level 1, HIPAA, SOC2, SOX, FedRAMP, and others.

With NICE CXone Open Cloud Foundation, you get:

- ✓ CXone pre-built integrations on CXexchange
- ✓ An extensive collection of RESTful APIs
- ✓ Access to the NICE CXone DEVone developer program

Depend upon unparalleled security, scalability and reliability

NICE CXone Open Cloud Foundation helps contact centers of all sizes serve customers anywhere in the world, with the assurance of:

Certifications to provide maximum security for your data

The ability to scale up and down based on your seasonal needs

Industry leading uptime for systems and infrastructure

The NICE CXone RESTful APIs were very easy to understand and consume. Using the sample code, I was very quickly able to understand and integrate the API into our iOS application code.
